

VINTAGE

Lo verdaderamente auténtico jamás envejece.
The truly authentic never gets old.

Vintage nunca pasa de moda ni se reinventa, simplemente es capaz de evocar continuamente el presente sin necesidad de cambiar ni un ápice de su identidad. Es actual, clásica y millennial a la vez. Vintage no acompaña a la comida, sino que forma parte de ella.

Vintage never goes out of style or reinvents itself, it is simply capable of continually evoking the present without having to change one iota of its identity. It is current, classic and millennial at the same time. Vintage does not accompany food, but is part of it.
